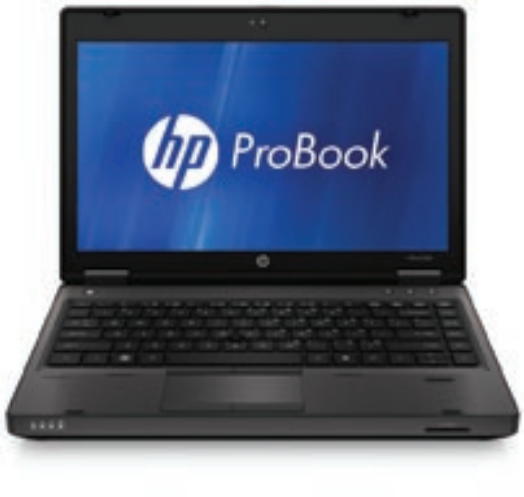
HP ProBook 6360b Notebook PC

Tailored for Business



Mobilize your team with HP's new 33,8 cm (13.3") diagonal laptop with a professional design, the latest Intel technology, UMA graphics and common docking [1].

HP recommends Windows® 7.

All-new professional design
Boasting elevated levels of design in a tungsten color, the HP ProBook 6360b sports a bead-blasted aluminum display enclosure, a magnesium-reinforced ABS chassis and bottom case with drain that helps protect against accidental minor spills. The full-sized keyboard allows you to type quickly and is more conducive to using gestures.

Enhanced performance and graphics
Create documents, presentations and spreadsheets and share them with co-workers. The new Intel architecture features 2nd generation Intel® Core™ i5 [2] dual-core processors, offering incredible performance, responsiveness and enhanced graphics. Couple all this with the Intel® HD Graphics 3000 for responsive performance and rich media capabilities [3]. Alternatively, Intel® Celeron® Processors are available.

Balance legibility and portability
Enjoy the new, easy-to-view 33,8 cm (13.3") diagonal HD [4] display on the HP ProBook 6360b. Starting at only 1.90 kg, professionals will comfortably carry this PC down the hall and across the nation.

Extensive battery solutions
Multiple battery options allow you to configure your laptop with the mobility and battery run-time that works for you [5].

Built to protect.
HP ProtectTools is a portfolio of security technologies designed to give users three-dimensional protection through Strong Authentication, Data at Rest and Data in Motion [6].

Built to conserve
HP Power Assistant [7] extends battery run time while reducing energy consumption. It measures and logs reported system energy usage through a simple interface.

Built to simplify
With HP QuickWeb [8] you can tap into fast, convenient and more secure access to the internet, email, contacts and calendar at the touch of a button without long boot-up times.

Common docking options allow professionals to share docking solutions for the HP ProBook 6360b in various locations.

Everybody On

Warranty	1 year carry-in, pick-up and return in some countries (upgrades available, sold separately), 1 year warranty on primary battery.

1 Sold separately or as an optional feature

2 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Quad Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance

3 Intel HD 3000 not available with Celeron processors. Celeron configurations feature Intel HD graphics

4 HD content required to view HD images

5 Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark www.bapco.com /products/mobilemark2007 for additional details

6 Microsoft Windows required

7 HP Power Assistant enhances management of the system energy requirements and enables users to take control of their power consumption for a reduced impact on the environment. Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Microsoft Windows required. Requires discrete graphics configuration

8 HP QuickWeb is accessible when the notebook is off in Windows XP, Windows Vista or Windows 7-based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use

Accessories and Services

HP Business Nylon Carrying Case

HP Business Nylon Carrying Case is designed inside and out with features that will be appreciated by a mobile traveler. Made from durable nylon, the case offers a large topload compartment with plenty of room to organize materials, plus store business cards, cell phones and other supplies. It can carry a notebook up to 16.1 inch (40.89 cm) and also includes a neoprene pouch for a mini or thin-and-light notebook up to 12.1 inch (30.73 cm). Convenient outer pockets provide quick access to frequently used items, and can be closed with zippers and Velcro. Padding added to the handles and shoulder strap provide comfort as it is carried. Best of all, attach the HP Nylon Carrying Case to a rolling cart or suit case. A unique pass-through strap helps keep the case attached to the handle of a rolling cart or suit case, to avoid being lost or stolen.

Product number: BP848AA

HP 90W Docking Station

Desktop convenience with full port replication capability in a space-saving design.

Product number: VB041AA

HP Display and Notebook Stand

The perfect home base for the business traveler who is constantly on the go - turn your HP Business Notebook into a desktop solution supporting up to two displays (notebook display plus external display). The adaptable design of the HP Adjustable Display Stand can accommodate a range of notebook sizes with the innovative adjustable shelf. This stand can also accommodate notebooks that can be connected to a docking station and notebooks that do not have a docking connector. Integrated base rollers let you rotate the stand so you can more easily share your work. A dual-hinged, smooth-motion display stand allows for greater depth, height and tilt adjustment for maximum comfort.

Product number: AW662AA

HP 65W Smart Travel AC Adapter

AC power adapters from HP power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road. The HP 65W Slim Travel Adapter is perfect for international travelers or "road warriors" who are always on the go. The adapter is 40% thinner than the standard 65W adapter and includes a convenient USB port for charging other accessories while you work. Four international adapter plugs help make sure your Slim Travel Adapter works wherever you do. A stylish protective carrying case keeps everything together.

Product number: AU155AA

HP Keyed Cable Lock

The HP Keyed Cable Lock is designed to be used with industry standard lock slots like the type found on a laptop, docking station, desktop PC, flat panel display, printer or projector. Secure your valuable IT hardware with this lock that consists of a 6.00' (1.83 m) vinyl-coated, galvanized aircraft-grade steel cable that loops around any secure object and then attaches to the computer or device you want to lock. The lock features a push-button locking mechanism and a unique key (including a spare key) to unlock the cable. A small Velcro strap is also included to help manage or adjust the length of the cable as you place and use it.

Product number: BV411AA

3-year Next Business Day Onsite

Care Pack

Receive 3 years of next business day onsite repair from an HP-qualified technician for your computing device, if the issue cannot be solved remotely
